

Some “POOP” from the Front Office

August 12, 2018

Greetings from NJ, the Garden State. Hope everyone is having an enjoyable summer 2018. Many are not, and our thoughts and prayers go out to victims of flood, fire storms, and other nasty events.

This message is “not a president’s message”, as usual. The info intended for an opening paragraph originally flowed out and into the computer from both the President’s and Firing Circle editor’s seat. As the summer races along, the Association’s Board is working on the final details for the Tucson, AZ reunion. We are solid! The reunion registrations for Tucson are increasing quickly. As we track registration numbers, this sure looks like it will be very well attended. I’m happy to say that a good number of “first-timers” have registered. See the “Who’s Coming” list later in the *Firing Circle*.

We are also working with reunion coordinator Chuck Williams, who has begun planning for a super Reunion XX in Salt Lake City in Sept. 2019.

One of our Points-of-Contact for the 16th SOS at Canon AFB, Steve “Col Mac” MacIssac, attended a Change-of-Command Ceremony – also reported-on in this issue. Also, there is a story of Marshall Mullins’ Trike, being donated to a Patriot Guard Rider. And this issue also contains important information and updates for reunion attendees.

Hope you enjoy this issue of the *Firing Circle*. The format is unchanged from the recent past newsletters -- hoping it is not getting stale for you. It would be wonderful to have a new *Firing Circle* editor to refresh its look and feel!

Be safe out there: be seeing many of you in Tucson for a fun reunion.

Mike Drzyzga, Pres. 2016 – 2018

and *Firing Circle* editor
