

Fellow Stingers:

We are planning our first ever Reunion. It will be for the 17th & 18th SOS Squadrons. We would like to have you join us. It will be held at Fort Walton Beach, Florida. The 29th Sept. thru the 2 of Oct. 2000. We have done a lot of work to make this happen. And would like to have everyone attend. I have been coordinating and searching for all former members. We have also started a Web Site , its open to view and remark on our site. Its at < www.ac-119Gunships.com > And I also can be contacted with email at farkle@micron.net I would really like to see you guys make , beings we all served together in the 18th SOS at either NKP , Danang , or Bien-Hoa. We have signed up so far 131 members for the reunion. I have a list of all of those attending ,and a list of the total of members who have contacted us. I think we have about 30 members from our era of 1971-1972. And we have lost a few members since we started this thing a couple of years ago.

So if you are looking for someone from the old days let me know. I hope that you will join us for our first ever reunion. As you know we aren't getting any younger. And it has almost been thirty years since our last get together.. So please contact me if you have email. Here are my email address and home address and home phone number.

If you plan to attend the reunion I need to hear from you asap , so I can send you a letter pertaining to the functions, that are planned. I will need to know which ones you plan to attend. If you have (email) send me a Email or call me. As we have to let the Hotel know how many will be attending which functions.

Our Guest Speaker is General Tony Robertson , who was a Stinger pilot in 1971-72
