

The AC-119 Gunship Association

Feb. 2024 - News Flash

QR Code Available

Note this: The Association's plans for Reunion 2024 in Colorado Springs, CO are moving forward. Additional "FLASH" messages will be sent as additional details are finalized.

New Procedure: In order to make doing business easier for you, and more efficient, the Association is making use of "QR Code" as an option to make payments. If you have question, please contact our Treasurer:

Doug Wohlgamuth, 813-781-5728 or dawohlgamuth@gmail.com.

Members of the Board tested the process below, it is EASIER than writing a check, addressing an envelope, and going to the P.O. You will be seeing this on membership application forms and some items related to reunion registration. Our Website's Quarter Master Store cannot use a QR Code. Therefore, for Store Purchases, you can pay using the QR Code, but you need to email or call Treasurer Doug (see above) and QM Gus (850-865-2634, or stinger7172@live.com) to let them know what you purchased.

Of course, you can always send our treasurer your check or Money Order.

Here's what you need to do (how this works!)

- Download QR Code Scanner app' to your cell phone from Google play store, unless you already have it
- Open the app' and point your phone at the Scan QR Code
- Depending on the scanner app': click small blue box with arrow pointing up, or click the Web Checkout "Clover" link.
- Enter payment amount and customer/credit card information
- Click "Pay"
- Transaction ID will appear (you can write this down, for future needs)

A purchase receipt will be sent to your email.

Here is the QR Code: (PRINT this for your records and easy access)
